Re: Telephone System Installation

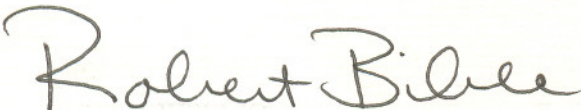

Dear Mr. Ashcroft:

Checotah Public Schools feels very fortunate to have a state of the art telephone system installed throughout all of our campuses. We want to say "thanks" for your commitment and service to meet the needs of our school district.

We have found this system to be very reliable and user friendly. Your staff has proven to be very knowledgeable and dedicated in meeting the needs of our district, while keeping costs at the lowest level possible.

Thank you once again for your commitment to our district. If I can be of further assistance to you, please give me a call at 918-473-5610.

Sincerely,

Robert Bible  
Superintendent  
Checotah Public Schools
