Dean Glen,

The installation of our new phone system is complete and I am very happy with the results. Your staff was very professional and helpful in this conversion. That includes you, who went out of your way to handle questions and potential problems personally.

The system has made our bank much more efficient. Being able to transfer calls between our branches has made life much simpler and easier for our customers. There are features we probably haven't utilized to their fullest yet, but as we learn and get more comfortable with the system, we will become more efficient.

Thanks again, and let your staff know we really appreciate the job they did for our bank.

Sincerely,

Gregg Vandaveer
President & CEO
